Explanation - This amendment does not affect funding within the division. It removes language allowing the Senior and Long-term Care Division to use funding for slots in the home and community based waivers services program for nursing home bed day costs. The language allows the funding to be used for individuals transitioning out of nursing homes, those in assisted living centers, and could also be used, if funding was still available, to provide services for individuals on the waiting list for services, 477 as of September 30, 2010.
